PREPARATIONS FOR ROOSEVELT'S VISIT

Crescent City Will Royally Receive Chief Executive.

23 NEW CASES AND 4 DEATHS

The Dates of a Number of Large Conventions Have Been Extended—Fair Weather Continues and Every One Feels that the Worst Is Over.

New Orleans, Sept. 21.—Up to noon today there were 23 new cases of yellow fever and 4 deaths.

New Orleans, Sept. 21.—Fair weather was again the lot of New Orleans with little change in the fever situation here.

The work of sanitation goes steadily on. The nightly meetings to educate the masses terminated last week, but special meetings continues to be held in the factories.

Every year large numbers of the homeseekers' excursions are run into Louisiana. Many were planned for this year. Passenger Agent J. F. Merry, of the Illinois Central, has written the secretary of agriculture that they will be carried out, but that the time of departure has been advanced to the second half of November.

Hunting for the Germ.

Investigations with a view to the discovery of the germ of yellow fever still continues at the Emergency hospital and the deepest interest is now displayed by the medical fraternity in the work of the local bacteriologists and Dr. Rosenau. Within the past week eight autopsies have been held at the hospital in connection with the investigations, the results of which are to be published when the fever is over.

Generally, the fever situation is regarded as encouraging, both in the country and in the city. In the country there are a large number of cases, but now that experienced yellow fever fighters are in charge of each point of infection, the fatalities are few.

The fever is practically wiped out at Leeville, where it was worse than at any point in the state. Nearly everybody who remained in the town has been sick. The people of Kentwood, La., are in great distress and are appealing for relief. Owing to the discovery of two cases in a lumber camp near there, Governor Vardaman and the Mississippi authorities will not permit the Illinois Central trains to enter Mississippi if they stop at the city of Kentwood. The trains are, therefore, not stopping there, and the people are suffering for mail, express matter and supplies. Appeals have been made to Governor Blanchard and the railroad commission.

Manufacturers' Meeting Postponed.

The meeting of the Southern Cypress Manufacturers' association scheduled here for Oct. 11, has been postponed until Nov. 22, when it is expected all quarantines will be lifted.

The Women's League, which has had much to do with the educational campaign during the existence of the fever, desires an opportunity especially to thank President Roosevelt for his services to the city in its great crisis. Through Mrs. Behan, its chairman, it will ask for half an hour of the president's time in this city and will have Dr. Kohnke give his illustrated lecture with information as to how the campaign has been conducted.

Quarantine Against Cincinnati.

Cincinnati, Sept. 2 The health officer of Detroit, who ordered a sort of quarantine against this city on account of the yellow fever sufferers and refugees being welcomed, has been invited to visit Cincinnati and make a personal inspection of the situation and conditions.

The board of health of this city yesterday ordered that every person coming into Cincinnati from localities where yellow fever exists and remaining here, shall be required to file with the health officer or his assistant examination and to report daily to the health officer until he shall deliver to the visitor a certificate that he is not infected with yellow fever.

Officer Leaves Mobile.

Mobile, Sept. 21.—Dr. J. S. Goldberg, of the United States marine hospital service, who was detailed to inspect the health conditions of Mobile, left this morning for New Orleans. He received orders last night from Surgeon General Wyman to proceed to the Crescent City and aid Dr. Rosenau in his bacteriological examinations of the fever germ. Dr. Goldberger expressed himself before departing that Mobile had no fear of a yellow fever visitation saying the health of the city was remarkable.

GOES AFTER ESCAPED CONVICT.

Man is Now Serving Term in German Prison for Robbery.

New York, Sept. 21.—A New York state detective will sail for Germany within a few days to bring back to this country Henry F. Hardy, who for the last thirteen years has been the inmate of German prisons.

Hardy is to be brought back to serve an unexpired term of 12 years in the Clinton prison from which he escaped in 1890. He is declared to be one of the most clever bank thieves ever known in this country. After his escape he is alleged to have robbed two Canadian banks of $7,000 and was next heard from in Germany living the life of an "American millionaire" as he was called at a fashionable hotel in Frankfort-on-the-Main. A Baden-Baden banker recognized him as the man who had stolen from his bank cash to the amount of $24,000. He was at once imprisoned by the German authorities and his time is now expiring.

Since Hardy has learned that he would be brought back he has written letters to the state superintendent of prisons asking that he be allowed to remain in Germany. The authorities have refused to grant his petition.

Medical Association in Session.

New York, Sept. 21.—Sixty fellows of the American Association of Obstetricians and Gynecologists and about 200 other physicians attended the first day's session of the annual meeting here yesterday. Several papers were read, all touching on particularly unusual phases of the diseases and operations under discussion. Papers were read by Dr. O. H. Elbrecht, Dr. W. B. Dorsett and Dr. Francis Reber, of St. Louis; Dr. William J. Gillette, of Toledo; Dr. O. Werder, of Pittsburg; Dr. C. L. Reed, of Cincinnati and others. A banquet will be held tonight.

Grain Rate Hearing Concluded.

Washington, Sept. 21.—The concluding hearing of the Louisville grain rate case was begun today by the inter-state commerce commission. C. B. Compton, traffic manager of the Louisville and Nashville railway, continued the testimony beginning the hearing of several weeks ago at Louisville. Hearings have been held at Birmingham, Ala., Louisville and St. Louis, and several thousand pages of testimoney have been taken.

Georgia University Opens.

Athens, Ga., Sept. 21.—The university of Georgia opens this morning. In the absence of the chancellor, Dean David C. Barrow, will be in charge of affairs. A very large number of new students have arrived and the freshman class being so much larger than the sophomore, many of the latter have had their hair clipped. The attendance in all classes and departments promises to be far above the average.

Naval Commanders Meet.

Gunshu Pass, Manchuria, Monday, Sept. 18.—Rear Admiral Jessen has left Vladivostok, Sept. 16, on board the armored cruiser Russia, accompanied by the protected cruiser Bogatyr and two torpedo boat destroyers to meet Vice Admiral Kamimura, the Japanese commander, and conclude the naval armistice. A party of 7 scouts who passed out of the Russian lines near Sallunchow recently, were ambushed by the Japanese and all of

President of the New York Life Placed on the Stand.

MONEY WAS GIVEN TO CAMPAIGN

Company Paid Man Big Salary to Look After Its Interests in the New York Legislature—Believed In Gold Standard Theory.

New York, Sept. 21.—That $235,000 has been paid by the New York Life Insurance company to Andrew A. Hamilton, of Albany, that no accounting for this money has been made except to President McCall verbally, and that Hamilton attends sessions of the legislature at Albany in the interest of the New York Like Insurance company, was brought out today b ytestimony given by Mr. McCall, before the legislative insurance investigating committee.

Mr. McCall said that the various sums making up the $235,000 paid to Hamilton had been given him in connection with different real estate deals, but Mr. Hughes, after considerable questioning, developed the fact that none of the money had been actually applied to such deals Mr. McCall also said that Mr. Hamilton was allowed money to influence any member of the legislature, or that he advised such course. The $235,000 Mr. McCall said he was sure it would be paid by Mr. Hamilton on demand of the New York Life Insurance company.

"If it is not," said Mr. McCall, "I'm responsible, and I'll pay it. Hamilton received for legal services, it is said, about $100,000 a year from the New York Life Insurance company."

On the subject of the New York Life Insurance company's campaign contributions in recent presidential years, Mr. McCall said they were given for the purpose of defeating the silver platform and for the support of the gold standard rather than of the Republican party.

Aged Actress Paralyzed.

New York, Sept. 21.—Mrs. Charles Walcott, one of the oldest women in the American stage profession was stricken with paralysis yesterday at her home near Rhinebeck, N. Y. She was 70 years of age and at last reports was in a dangerous condition. Mrs. Walcott began appearing with her husband nearly 40 years ago and made her greatest reputation as a member of the famous Lyceum stock company. Prior to that time she appeared for many years in the Walnutt street theater stock company of Philadelphia.

Went Unattended to Pen.

Nashville, Tenn., Sept. 21.—W. A. Barfield, convicted in Lauderdale county of manslaughter and sentenced to serve one year in prison, arrived in Nashville yesterday and went at once to the penitentiary. He donned the stripes and went behind the bars. At Ripley Barfield got the necessary papers committing him to prison, bought his own railroad ticket and came to Nashville unattended. Barfield's case has been in court several years, he having been sentenced to serve 20 years on his first trial.

Union Printers Enjoined.

Springfield, O., Sept. 20.—An injunction was granted the Cromwell Publishing company here today to prevent union printers stopping strike breakers as they entered the company's plant. More than 50 strike breakers have been caught by pickets and put on trains for other cities. The company now has two out of half a hundred men at work.

Printers Win in Albany, N. Y.

Albany, N. Y., Sept. 21.—After a week's duration the strike of the union printers here for an 8-hour day has ended with the yielding of all the employing printers. All have now signed the agreement, which takes effect on January 1, 1906, and all printers re-

ELEPHANTS HELP UNCLE SAM.

Mail Wagon Stuck in Mud Is Extricated by Huge Animals.

New York, Sept. 21.—But for the strength and courtesy of four huge elephants, a two-ton batch of mails stuck on the Sixtieth street station would have missed the train at the Grand Central station last nigh.

The trouble began when a large mail wagon, loaded to the top, swung down Sixth avenue and ventured a sharp turn at the corner where street repairs had left a strip of soft earth, turned to sticky mud by the recent rains. A new driver, employed in place of a striker, was on the wagon and was accompanied by a policeman. He urged the horses into the trap and the wheels sank to the hubs. A crowd gathered and broke three heavy ropes in their efforts to help the horses.

Then the policeman had a happy thought. He sent a messenger to an amusement house nearby and asked for the service of the performing elephants. Four were hurried to the scene in charge of their keepers.

They were harnessed to the sides of the wagon and jerked it out of the mud with indescribable ease, while the crowd cheered.

Early in the evening a crowded Madison avenue electric car crashed into a large mail wagon at Fifteenth street and Union Square, overturning the vehicle. The strike breaker driver and a policeman by whom he was accompanied, were thrown into the street. Both were severely injured. The motorman was arrested.

Democrats Endorse Independents.

Philadelphia, Sept. 21.—The "City Party," a reform organization, held its county convention today in the Academy of Music for the purpose of nominating candidates for sheriff, coroner and two county commissioners on the opposition to the Republican nominees announced last Saturday. The nominees named by the convention, it is announced, will be endorsed by the Democratic county convention to be held tonight. The primaries of the city party were held on Monday night and when the convention was called to order more than 900 regularly elected delegates were in attendance. No slate has been agreed upon and only one ward delegation, 31 votes, is under instructions. The convention was called to order by Franklin S. Edmonds, chairman of the city committee of the party.

To Enjoin Insurance Company.

New York, Sept. 21.—A meeting was held last night of the executive committee appointed last night of the protesting state committees of subordinate councils of the Royal Arcanum in several eastern states. It having been decided to apply for an injunction restraining the enforcement of the assessments recently enacted by the supreme council, the members of the committee determined to begin proceedings immediately in view of the fact that the new rate will go into effect Oct. 1. Application for an injunction will probably be made in the United States court in Massachusetts Another meeting of the executive committee will be held today.

Veterans' Reunion Adjourns.

Chattanooga, Tenn., Sept. 21.—The last meeting of the Society of the Army of the Cumberland at its reunion was in the nature of a memorial service of its late president, General H. V. Boynton, and other members who have died during the last year. This afternoon at Snodgrass Hill, for the Chickamauga battlefield, the members of the society, will review the Twelfth cavalry stationed at Fort Oglethorpe, on the military reservation. At night a banquet will be given which will close the reunion. The society will meet here annually henceforth.

Fire Underwriters in Session.

Hartford, Conn., Sept. 21.—The session of the National Association of Underwriters today opened with an address by S. H. Wolfe, consulting actuary of New York, on "The life insurance company from the examiner's view-point." A discussion of five-minute topics and an address of a technical nature by Elmer D. Wiggins, of Des Moines, Iowa, followed.

TWENTY-FIVE ARE INJURED IN WRECK

Freight Trains Meet Head-on Passenger Telescoped.

ONE MAN REPORTED KILLED

While Information Regarding Wreck Is Meager, But It Is Supposed that the Engineer of One of the Freight Trains Overlooked His Orders.

Reno, Nev., Sept. 21.—Twenty-five persons are reported injured and one man, George Wareman, is dead as the result of a terrible head-on collision between two freight trains on the Southern Pacific road followed by a rear-end collision between passenger trains about 9 miles from Beowawe between 6 and 7 o'clock last Thursday evening.

The wreck, from the reports sent out, was caused by one of the engineers on the freight trains passing past his orders.

An effort was made to stop the oncoming passenger trains without success, for the entire section of No. 1 though a moment later, the second section, said to be in charge of Engineer Ross and Fireman Tienville plunged into the first section.

The engineer and Fireman are reported among the injured, though complete details are lacking.

Physicians, nurses and supplies, in addition to three wrecking trains, are now either at the scene or hurrying to it to render aid to the unfortunates.

List of Injured.

Salt Lake, Utah, Sept. 21.—A dispatch to the Herald from Carlin, Nev., gives a partial list of the injured in the wreck on the Southern Pacific at Beowawe, Nev., as follows:

Miss Adelaide Davis, of Taborville, left shoulder, breast and right arm bruised.

Miss Annie Higgs, St. Louis, bruised left side.

George Ashman, DuBois, Pa., injured in knee, lip, head and left shoulder.

William Knox, Chicago, injured in back and side.

Miss Isabelle Phillips, Stony Point, Tex., bruised on head and left shoulder.

Mrs. Thomas Mason, Paulsboro, N. J., (another woman) badly cut about head.

Mrs. W. C. Halsey, Eagle Grove, Iowa, injured in abdomen.

R. C. Davis, Taborville, Ill., injured about head.

Mrs. Fannie Droiner, Manly, Iowa, injured about face and side.

H. C. Brown, Chicago, cut on left cheek.

State Health Board Supreme.

Atlanta, Sept 21.—The state board of health is supreme in matters of quarantine; local boards are subordinate and cannot be superceded in matters of vaccination, sanitation and disinfection. Such in substance is the decision of Judge John T. Pendleton in making permanent the injunction asked against the state board of health against the Atlanta board of health. The interference by the latter in the matter of quarantine, rendered at the conclusion of the hearing yesterday at noon. In other words, the city must cease to interfere in the transportation of through passengers who are being conducted between the two lines by officers of the state board of health.

Many Poor Loans Were Made.

New York, Sept. 21.—That the Equitable Life Assurance Society paid $218,264 to the Mercantile Trust company in connection with certain loans known as "the Turner Loans" and that these payments were without authority, so far as the records of the society disclose, became known when Paul Morton, president of the society, made public a report on the subject submitted by him to the board of directors. These transactions are known in what Mr. Morton refers to as the "Turner loans." "This loan," Mr. Morton's reports sets forth, "was originated in 1901 by the Western National bank, which was controlled by the Equitable Life Assurance society."

A HAPPY MARRIAGE.

N. J. Lewis of Newberry and Miss Alice Blanton United.

The parlors of the Magnolia Hotel was the scene of a pretty wedding at 11 o'clock Thursday morning, when N. J. Lewis of Newberry and Miss Alice, the accomplished daughter of Mr. and Mrs. S. L. Blanton, Forest Grove, took the sacred and solemn vow which bound them together as man and wife.

The ceremony was performed by Rev. F. M. Hartman of Paradise in the presence of a few friends.

The groom is one of the popular young men of the West End. He has been for the past two years a valued employe of the Cummer Lumber Company, and is held in high esteem by his employers. The bride numbers her friends only by her acquaintances. She is a young lady possessed of a most amiable disposition, and is greatly admired.

Mr. and Mrs. Lewis left on the noon train over the Seaboard Air Line for Jacksonville and other points on the East Coast, and after a short honeymoon will make their home at Newberry.

The Sun, with other friends, extends hearty congratulations, with the hope that their married life will be one of unalloyed happiness.

Women Appeal to Congress.

Chicago, Sept. 21.—The Chicago Women Trades Union club has decided to appeal to congress for an appropriation to carry on an investigation of the conditions of working women. The investigation is expected to develop among other things: What effect in the number of working-women has on the home life? What degree the demand for women in industrial affairs has driven young girls into business life? Miss Mary McDowell, Miss Jane Adams and Miss Lillian Wald, of New York, already compose a committee from the national federation of women's clubs to secure a government report on these questions.

A Popular Language.

"I've called half a dozen bell boys this morning, and they haven't brought a thing I've ordered," said the irate guest. "Are they all deaf?"

"Yes," explained the hotel clerk, "but they can hear through the palms of their hands. Money talks, you know. It is the only language they can understand."—Detroit Free Press.

THE CHOICE OF MATES.

Artificial Matrimonial Selection Has Given Poor Results.

No one knows what type will be the best for survival in an unknown future environment. We often see the extinction of families of parents whom any physician would have pronounced ideal, but their children lacked resistance to the invasion of pathogenic organisms or there was some other defect which made them easy targets for climatic causes of physical decay.

On the other hand, we quite often find that parents below par physically have fine families. The curious unions which take place must be the result of laws such as we find in every biologic phenomenon. Man has the same instinct found in lower animals to select a mate who is more or less different from himself.

Should like types mate, their common characteristics may be so exaggerated as to be harmful and the line perish. It is an instinct of those of great intelligence to marry those of less than the average, for the offspring revert to the better average. It is very evident that if we try to improve the race intellectually by the marriage of like types we will violate the natural law upon which our existence is based. Artificial matrimonial selection has been tried, though the results were disastrous.—American Medicine.

HIS "KINGSMAN."

The Silk Neckerchief Worn by the London Costermonger.

Speaking of London costermongers, Mayhew says: "The man who does not wear his silk neckerchief—his 'kingsman,' as it is called—is known to be in desperate circumstances." The neckerchief is more prized than any other item of his attire and a coster's caste is at stake if his kingsman be not of the most approved pattern.

This habit is derived from the gypsies and doubtless dates from some long forgotten oriental custom. It is very curious that a taste for similar colors prevails among the Hindoos, gypsies and costermongers. Red and yellow are the favorite colors and the oldest. Of these, the coster chooses his plush waistcoat and his kingsman, the gypsy his breeches and his wife her shawl and gown; the Hindoo his robe and turban. If a fight occurs, the favorite colored article of dress receives the greatest care. The pugilistic coster ties his kingsman round his waist or his leg, where, by the rule of the ring, it is comparatively safe.—London Telegraph.

The Origin of Grocer.

Grocer appears in Hollnshed's Chronicle, 1580, as "grosser," and in other mediaeval records it is sometimes written "engrosser," and was applied to the spicers and pepperers who were wholesale dealers in various spices—that is, who dealt en gros—in large quantities, as distinguished from "regrators," who were retail dealers. The Grocers' company first adopted the word grocer in 1373, when the spicers and pepperers allied themselves into a single corporation.—London Express.

I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

BOY WOUNDED; MOTHER DEAD

Result of Explosion of a Dynamite Cap in Hands of Boy.

A TERRIBLE THURSDAY TRAGEDY

Resulting from Carelessness—Boy Was Striking Cap With Nail, When Thing Exploded and His Hand Was Blown Off—His Mother Fell Dead.

As the result of the explosion of a dynamite cap, Reuben Anglin, the ten-year-old son of Tanner Anglin, colored, lies painfully wounded and disfigured for life, and in the same home his mother, Violet Anglin, is a corpse.

The accident occurred about nine o'clock Thursday morning at the Anglin home, about three miles west of the city. The boy in some manner became possessed of the dangerous missile which has brought so much sorrow to his home. He was striking the cap with a nail, when the same exploded with terrific force, mangling the lad's left hand so badly that it became necessary to have the member amputated.

But the saddest and most heart-rending feature of the incident was the death of the mother. She was in the house, attending to her regular domestic duties, when the explosion occurred in the yard. Rushing out to ascertain the trouble, she beheld her son in his wounded condition, the blood flowing freely. With the utterance of "My God! My boy has been killed," she swooned and fell and in a few moments expired.

Anglin is one of the most industrious colored men in the county. He has been for many years a faithful employe of Hon. W. H. Robertson, county treasurer, and it was at Mr. Robertson's country home that the sad tragedy occurred.

DEATH OF OLD RESIDENT.

Dr. Adolph J. Vidal Passes Away, After a Life of Usefulness.

Dr. Adolph J. Vidal, for the past quarter of a century a resident of Gainesville, and one of the most widely known citizens in this section, died at his home shortly after midnight Thursday, September 21, of consumption.

Deceased was in his sixty-first year, having been born in Charleston, S. C., December 31, 1844. In 1859, when but fifteen years of age, he graduated at Charleston College and went to Athens, Ga., where he became one of the instructors in the University of Georgia. He left Athens to enlist in the Confederate army, and in 1863 was wounded in a severe engagement.

After the war Dr. Vidal returned to Charleston and entered the Charleston Medical College, where he graduated with special distinction. He went to Bennettsville, S. C., where he practiced his profession for six years, but was compelled to come to Florida for the benefit of his health. He settled in Gainesville in 1881 and opened a drug business here, which occupation he has since followed continuously.

Deceased was a consistent Christian gentleman and had been for years an elder in the Presbyterian Church. Up to a few weeks ago, when his failing health prevented, he was a regular attendant at every service of the church, and no member commanded higher love and esteem from the congregation.

The funeral was held from the church at 3 o'clock Thursday afternoon, deceased having requested that the interment be held as soon after his demise as possible. Rev. Thos. P. Hay conducted the services, which were largely attended, many friends of the deceased having gathered to show their last mark of love and respect. The floral decorations were numerous and beautiful. The interment was in Evergreen Cemetery, and a large number accompanied the remains to their last resting place. The pall-bearers were Messrs. C. Matheson, J. H. Jarvis, G. K. Broome, M. B. Saunders, Geo. W. Hyde and L. S. Means.

Deceased is survived by a widow and six children, Adolph, John, Eliose, Albert, Pierre and Topsy, three brothers and two sisters, to all of whom the sympathy of the community is extended.

Political Prisoners Released.

Rio, Sept. 21.—The Central prison was attacked during the night and two prisoners, leaders of the local political agitation were released. During the fighting two keepers and a policeman were killed and several policemen were wounded. Two of the rescuing party were arrested.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

A Georgia Man Desires Divorce From Woman Who "Pesters" Him.

A "gentleman" in Georgia is evidently "tied up" with a "lady" from whom he has a great desire for separation, as the following letter to Captain H. C. Denton, whom the gentleman supposed was still holding the office of clerk of the court, will show:

"——— ———, Ga., Sept 13.

"Dear sir—Can a man get a divorce in your State from a woman that is crazy on one certain subject, or for cruel treatment? A woman that is always quarreling, trying to boss my business and letting her's alone, insulting, shows no respect nor regard for my fealings, as if I had nun?

"This woman grows wusser & wusser for a No of yeres, quarreling to a grate extent day and nite no peace to be seen with her. I one land & rented another pease & because I did she rubb her fis in my face & told my thre youngest sons to jum on me and giv me a good beeting & many things simuler.

"The reason I write to you I suppose you know about the divoace laws in your State. Eny infurmashun you giv me will be thankferly reed, & I will pay you bak all your expence and fur your trubble.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Despondent Man Suicides.

Montgomery, Ala., Sept. 21.—Separated from the wife he loved, penniless, and without employment, crazed with overmuch whisky, tired of life in general, Charles M. Shear, a young man of Jacksonville, Fla., took his own life at the boarding house of Mrs. Baggett, on the Woodley road in Boguehoma, a suburb. The dead man left the following note: "My Darling Wife: As I write this, I am nearly in the sweet bye and bye, and when this reaches you I will be there. You remember, I tried once before. All I ask you is to tell my mother, at 202 Bay street. As ever, your own Charley."

New Medical College for Atlanta.

Atlanta, Sept. 21.—If the plans now on foot are matured Atlanta will have, probably in time for the coming school year, another medical school of the same high grade as the Atlanta College of Physicians and Surgeons, and with a faculty made up of some of the best known members of the profession in Atlanta and Georgia. For some weeks there have been rumors of disagreement among members of the faculty of the Atlanta college, but it was learned yesterday that the relations between them were of the most pleasant character and that the disagreement was as to the policy of the medical college.

Rev. D. J. Blocker has been appointed dean of Stetson Hall at the Stetson University.

W. H. Cason's home at Oxford, with contents, was destroyed by fire last Friday. Insurance nominal.

Dowling Park, near Live Oak, on the beautiful Suwannee river, is said to be one of the beauty spots of Florida.

It is stated that Suwannee county will harvest only half a crop of cotton this year, compared with last year's yield.

A Palatka man died of lockjaw Monday. He must expect something of the sort during the "wet" and "dry" campaign.

After three unsuccessful efforts to make the charge of neglect of duty, the city of St. Augustine has acquitted Policeman Nelson.

Green Cove Springs is talking of a new hotel at the large sulphur spring and other improvements, including an up-to-date sanitarium.

The cattle around Tallahassee are suffering from an affliction called sore mouth. Dr. Dawson, State veterinarian, is investigating the trouble.

Charles Hobbs, a workman in the employ of the German American Lumber Co. at Millville, was killed there Monday by being caught in some of the machinery.

Charles M. Shear of Jacksonville, who suicided at Montgomery, Ala., wrote his wife: "I am nearly in the sweet bye-and-bye." Before the letter reached his wife he was all in.

James Chapelle, who attempted suicide at the Arno hotel in Tampa Saturday night, by slashing his wrist with a pocket knife, has recovered sufficient to be sent to his home in Alabama. He is mentally up against it.

Rafael Sarmenti of Havana came from Cuba to marry his lady-love in Tampa. The father objected, but the girl being 21 he could do nothing further, so the couple were married by a justice of the peace and will live happy on the island.

State Veterinarian Dawson, who has been looking up the cause of so much sickness among horses in Miami, says it is a form of "staggers," caused by musty food. There are some horses around this city that look as though they hadn't ever been exposed to the "staggers" by any kind of food.

Some of the people of DeSoto county don't want to make an exhibit at the State Fair, for fear the attraction will draw so many people who will crowd into the county that they will have to annex a part of Lee county to make room for them, and they don't like to mix the soil in with DeSoto's rich loam.

John T. Hammond, Orlando's wholesale grocer, has commenced a suit for $200,000 against the Wholesale Grocers' Association, in the United States court at Jacksonville. The defendants comprise 20 of the wholesale grocers of the State, who put a boycott on Hammond, who was unable to buy of the jobbers and wholesalers of the country.

News reached the city Tuesday night from Cotton Plant that John Brown, colored, in attempting to kill his wife shot and instantly killed his stepdaughter, who was the wife of Zenus Graham. The cause of the tragedy was not learned. Great excitement prevails among both the white and colored people of that community.—Ocala Banner.

The benefits derived by the people from the expenditure of a small sum of money for rivers and harbors was never more strikingly illustrated than in the Sarasota bay work. The government dredge Suwannee, which completed the work in the Hillsborough bay cut, is now engaged on this work and is making excellent progress. It will be a great benefit to fruit and vegetable shippers.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Gambled Away Trust Funds.

Hamilton, Ind., Sept. 21.—In an address at the reunion of the Thirtieth Indiana regiment, Governor Hanley, the principal speaker, made public his reasons for his actions in the case of David E. Sherrick, ex-auditor of state, whose resignation was forced by the governor. Facts and figures were used to show what became of the money belonging to the state that was lost by "David E. Sherrick, auditor of state, and common gambler." The governor charged that $10,000 of the state's money "went by check into the hands of the gentleman who was then operating the Casino" at French Lick.

Reyes Declares Self Dictator.

Panama, Sept. 21.—Confirmed reports reached here to the effect that General Reyes, president of Colombia, declared himself dictator on Sept. 8, and imprisoned the members of the supreme court at Bogota. Mobs angered by this action attacked the presidential palace and were fired on by troops, who killed or wounded many of the rioters. The reports say that revolutions have been started in Antioquia and Santa Ander.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

THE SACRED BO TREE.

One of the Most Wonderful Natural Growths Ever Known.

In October, 1887, the sacred bo tree, at that time supposed to be the oldest living vegetable monument on the earth's surface, was uprooted and destroyed by a cyclone which swept over the island of Ceylon. The oldest written description of the sacred bo tree now in existence is that by the celebrated Chinese historian, Fa Hian, who visited the island and the sacred tree in the year 414 A. D. According to this learned Chinaman, the tree was at that time 702 years old, having been planted in the year 288 before our era by King Devinipiatissa.

As soon as it was known throughout the island that the tree had been destroyed by the fury of the elements great crowds of mourners gathered around its "sacred remains" and held regular funeral services for two or three weeks. After the season of mourning was over the tree was cut into proper lengths, each piece wrapped separately in white cloth and cremated with the same funeral rites which would have been given a member of the royal family.

So perished the sacred bo tree, one of the most wonderful natural growths known to the world—a tree which had been worshiped daily, one might almost say hourly, for 2,175 years.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The African cotton growers have learned that the fleecy staple will not be a great success in that country.

There are officers in the army, says Gen. Corbin, who are not mindful of their financial obligations. You will find a few of the same sort in private life.

Judge Pendleton of the superior court has decided that Atlanta is still in Georgia, and not vice versa, as the city board of health tried to make them believe.

The Tampa board of public works must have got mixed up a little when it leased the Tampa Bay Hotel with paving contracts and let it to the "lowest responsible bidder."

The Governor of Indiana, who has summarily bounced David E. Sherrick, State auditor, stated in an address a few days ago that it was because the auditor had gambled away about $75,000 of the State's money. He charged him with being a common gambler. Some people would consider Sherrick a little more than "common."

The producers of short cotton sincerely hope that Daniel J. Sully's efforts to "bull" the present crop will prove successful. In 1903 Mr. Sully was the means of adding millions of dollars to the wealth of the South through his campaign for higher prices for the staple, and it is to be hoped the "bears" will be put to rout by him in the present campaign.

Col. T. J. L. Brown has resigned the presidency of the State Fair at Tampa. He was turned down rather coolly in his efforts to secure another lease of the Tampa Bay Hotel and said he would be obliged to quit and go to New York. David Lauber of St. Louis and W. F. Stovall, editor of The Tampa Tribune, were the lucky bidders for the hotel. They pay $25,000 for five years. Brown's offer was considered by many as the best.

Gainesville has certainly done much toward keeping clean this summer. There have been a few who have found fault, but they should have gone to Sanitary Officer Pinkoson, instead of standing on the corners and relating their story. There are some people who keep their own yards looking clean, even if they have to dump all their old rubbish into the street. It is a good plan to get a box or barrel to dump your tin cans in, then the rubbish cart can haul them away.

The Industrial Edition of The Sun will be the only attractive advertisement of Alachua county placed before the people this season, as the facts and figures published will contain strictly reliable information. There is no necessity for exaggeration in regard to the advantages of Alachua county. There cannot be anything gained by enlarging on what nature has done to make Gainesville a most desirable place of residence. The advantages are here and it now remains for man to improve them. Whatever is said for our city and county in the Industrial Edition of The Sun will have the documents behind the assertions to prove their truth.

KEENE OUTLOOK.

James R. Keene, the man who has probably had the most stormy experience in dealing in stocks of any man now living, in speaking of the present outlook for business, is reported in The New York Times as having said: "Never in my recollection have the prospects been more flattering for the country at large than they are today."

Mr. Keene thought it probable that a large part of the money which Japan and Russia thought it necessary to borrow will come from us. He said Japan had some $50,000,000 on deposit here which will soon be taken out of the country, but that it was only a fraction of what the Japanese Empire will need for her rehabilitation, and Russia is no better off financially. He did not think the war had been a sufficiently severe lesson to make another conflict a remote possibility. We shall have deplorable wars just as we have deplorable trusts, just as long as human nature remains as it is. We do not need a great navy for conquest, but simply for protection. Trusts properly managed would be ideal institutions, but at present our large corporations are so enormously capitalized that every nerve of their respective managements is strained to pay an adequate dividend on their respective capitalization. Another bad feature is the tendency to destroy individual mercantile independence. The American farmer is the backbone of this country. When asked for his advice to persons contemplating a career in Wall street, Mr. Keene replied: "Don't. Ninety-five per cent of those who embark on venturous careers in Wall street come to grief."

CAUSE AND EFFECT.

During the past 25 or 30 years hundreds of fortunes have been accumulated in this country, ranging from hundreds of millions of dollars each. Some of these fortunes are so immense and the incomes from them so large that their possessors give away from one to ten million dollars at a time, and with no more impression upon income or fortune than a gift of ten dollars would make upon the income of any one of a vast majority of our people.

A recent report made by the board of charities of New York City is a doleful wail about the increase of the number of persons in that city dependent upon charity. The percentage of increase of such persons to total population is said to be about three-fold in 30 years. These propositions constitute a gruesome and startling example of cause and effect. The real wealth of this country is but little if any more than $1,000 to each inhabitant, hence one person owning a single million pauperizes the equivalent of 1,000 other persons, for he owns the theoretical share in the total wealth of that many. Then contemplate the number that must be pauperized to give one man a fortune so large that out of its annual income $10,000,000 can be given away without missing them!

There are many things in favor of Florida as a resort for invalids as against Mexico or Cuba. In Florida the people from the North find so many in different portions of the country that it does not seem like going away from home. Besides, the true Floridians are much more hospitable than the foreigners, in spite of all they can do. Then again, the school system in Florida is so like that of the North, that people who come here for the winter with their families can place their children in school and have them keep up in their studies.

Cuba has just cause for indignation. Texas has quarantined against the Queen of the Antilles.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

SUNSTROKES.

The cholera is suppressed in Germany. By the divine right of Emperor William, no doubt.

Many a young man pays his devotions to a handsome young lady just as a mere matter of form.

To watch the sun rise these beautiful September mornings is a beautiful sight, but watchers are not very plenty.

Women should exercise the same care in selecting a husband to match their disposition as they do in selecting a dress to match their complexion.

It is generally disastrous to a craft's cargo when it gets water-logged. And they are hard to manage, but when pumped out can be better controlled.

There is such a thing as over-doing in the matter of rents. People who come to Florida for their health do so because they don't believe in the old bleeding process.

Rev. Frank Gunsaulus has accepted a chair in the Chicago Theological Seminary, which was established especially for him, to be known as "the science of the art of preaching." He is a most brilliant pulpit orator and it is hoped he will make his chair a success.

The steal trust now seems to comprise the various life insurance companies. If it isn't stealing to loan a man money who gives worthless security, and the fact is known, it comes mighty near it, especially when the money belongs to policy-holders.

STATE FAIR NOTES.

One of the most attractive features of the coming State Fair at Tampa will be the horse races. There will be a ten-day race meet, and the largest purses ever given in Florida will be awarded the winners. The best horses in the South will be at the Fair, and quite a number of Florida horsemen will be represented.

The amusement attractions on The Range will also be the finest ever brought South.

The Fair work in every line is progressing rapidly, and the attendance will be immense.

The Main exhibit building, the largest building in Florida, is about completed, and the magnificent Woman's building will also be ready for use shortly, as will other buildings.

The stables, pens and other structures for exhibiting live stock will be the largest ever seen at a Southern State fair.

Many counties are now clamoring for space, and those that have not done so should apply at once.

Havana, Gadsden county, is booming and several new stores are being built there. It is expected to be one of the leading towns of the county.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

"CUTTING OVER."

How Telephone Lines Are Moved From One Switchboard to Another.

"Cutting over" is the technical phrase applied to moving the wires in a telephone central office from one switchboard to another. If you will reflect that many of the switchboards of the type used in the Bell exchanges of large cities carry 9,600 lines, you will see what a task transferring such a mass of wires is. Indeed, there are few mechanical operations which more impress one with a sense of absolutely perfect forethought and organization.

When an exchange is to be "cut over," all the outside lines coming into it, both overhead and underground, are tapped and practically connected with the new board while the old one is still in use. That is to say, they are brought into the main distributing frame, which is the big rack through which the outside lines are separated and linked to the proper inside lines which run directly into the switchboard and terminate in the "jacks," by means of which the operator is enabled to put any two subscribers into communication.

The opportunities for confusion and mishaps in this work are evident, and it speaks much for the painstaking care with which it is done that a subscriber is practically never "lost," as the telephone engineer calls it, if one of the lines is temporarily misconnected. To secure such perfection innumerable tests are necessary not only of the outside lines, but of every switchboard line, and these are conducted over a long period so as in no way to disturb the service of the subscriber.

The operators are thoroughly drilled in the use of the new board, and when it comes to the actual performance of "cutting over," which generally takes place some hour in the night when business is always light, both boards have a full force to work them. The final step is to cut the old connections and complete the new ones at the same instant. This is usually done by pulling out from the board to be abandoned the heat coils which are put into every circuit in the distributing frame as a protection to the apparatus against an overload of electricity from lightning or from the crossing of wires, or what not, and simultaneously pushing coils into the mechanism that replaces it. So rapidly can skilled men perform the operation that one of them can put 600 or 700 coils in a place in thirty seconds, and the whole process of "cutting over" in a large office occupies not more than two minutes. There is no interruption of service, however, for one group of wires is dealt with at a time, so that no circuit is out of commission more than half a minute at the longest.

Does Family "Count?"

"I go a great deal on family," remarked the Ward McAllister of the community. "I tell you there's lots in blood; family counts."

Ah, does it?

Abraham Lincoln's father was so poor that the negroes called him po' white trash, and Abe himself was born in a log hut with cracks in the walls so wide that you could throw a dog through them, and his mother's name was Nancy Hanks.

The father of John Adams ran a corner grocery. John Quincy Adams, however, had "family" back of him, for his father, John, had been president of the United States.

James K. Polk grubbed roots out of a new farm in North Carolina until he got too strong to work for his father; then he managed to secure a job in a country store.

Andrew Johnson married "family," for his wife knew enough to teach him how to read.

John Keats was the son of a hostler and was born in a livery stable.

Rare Ben Jonson laid brick while he was learning Latin.

Napoleon Bonaparte once remarked, "I am my own ancestors."

Did you ever happen to hear who was the father of Homer or of Shakespeare or of Gladstone or of Socrates or of Walt Whitman?—Portland Oregonian.

Strange Siamese Custom.

They have a novel method in Siam of getting rid of the bodies of paupers and criminals. In one of the temples is kept a flock of a hundred vultures, and the bodies, instead of being buried or burned, are given to them as food. As soon as they catch sight of a body the rapacious creatures gather around it, and it only takes them a minute or two to pick all the flesh off it.

A repugnant sight it is, but, according to Siamese physicians, it is an excellent sanitary measure. The soil of Siam, they point out, is generally moist, and hence it is much better that bodies should be treated in this way than replaced in the ground, for, if buried, they would surely prove more or less of a menace to the public health.

After the vultures have finished their feast the skeletons are placed in wooden boxes and burned.

An Optimist.

"Oh, yes, he's quite an enthusiast. He goes in for things in real earnest."

"Yes, if some one were to send him on a wild goose chase he'd speak of [illegible]"...

Two Curious Knives.

When Sheffield first became famous for its cutlery a peculiarly shaped knife, designed for a variety of uses, was made with great care and sent to the agent of the Cutler's company in London. On one of the blades was engraved the following challenge:

London, for thy life,
Show me such another knife.

The London cutlers, to show that they were equal to their Sheffield brothers, made a knife with a single well tempered blade, the blade having a cavity containing a rye straw two and a half inches in length, wholly surrounded by the steel; yet, notwithstanding the fact that the blade was well tempered, the straw was not burned, singed or charred in the least! It is needless to add that the Sheffield cutlers acknowledged themselves outdone in ingenuity.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

COTTON CROP IS REDUCED.

Staple Is Short in Texas, Indian Territory and Oklahoma.

Dallas, Tex., Sept. 21.—Te Galveston-Dallas News will today publish reports from 200 correspondents in Texas and Indian Territory, giving the condition of the cotton crop in Texas and Indian and Oklahoma territories in comparison with the same time last year and also comparing the yfield per acre.

On this basis, the average for Texas is shown as 14.11 per cent worse; Indian Territory, 17.28 worse; Oklahoma, 11.20 worse. This indicates a production of 2,211,866 bales for Texas; 250,791 for Indian Territory, and 250,408 for Oklahoma.

Recent rains have revived the plant somewhat in northern Texas, and it is again fruiting in most localities. The actual production depends largely upon the occurrence of frost. The crop in the northern half of the state is in all stages of development, ranging from bloom to bale, much of it having been planted late. Picking is just beginning in the northernmost counties. Midway between the northern and the southern portion of the state picking is well advanced, ranging from 50 per cent to completion.

Tragedy Ends Negro Festival.

Quitman, Ga., Sept. 21.—Two negroes were shot and killed and three others and a white man wounded at a negro festival held ten miles from here. It is said the white man was in the act of measuring out "brick," a vile intoxicating compound, to his negro customer, when a flying ball hit his uplifted arm. Another negro was killed in Grooversville district at a similar party the same night, and still another was killed at Barwick, this county, by another negro Monday evening. It has got to be a rare thing when one or more negroes are not killed or wounded at these drunken festivals, about ten having been killed in the county this year so far.

Atlanta Printers on Strike.

Atlanta, Sept. 21.—On account of the refusal of the proprietors of six job printing offices of this city to sign an agreement with the union printers working for them to grant them an 8 hour work day on January 1, 1906, sixty-five printers walked out today at 12 o'clock. Every union man obeyed the call as issued by the International Typographical Union. The offices affected are known as the Typothetae. A number of other offices have signed the agreement, and there are a large majority of printers at work.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Suspense Over Morocco's Case.

Paris, Sept. 21.—The Franco-German negotiations on the subject of the Moroccan conference continues in suspense. Dr. Rosen and M. Revoil, respectively the representatives of Germany and France, have not yet resumed their meetings. The tension, however, has been somewhat relieved owing to the assurances from both sides that the negotiations, while not proceeding rapidly, are not in immediate danger of a rupture. This is calming public excitement and preventing a flurry on the bourse.

Ohio Editor Commits Suicide.

Marietta, O., Sept. 21.—George M. Cole, formerly editor of the Marietta Leader, and a leading citizen, committed suicide during the night by drowning in the Muskingum river. He left a note to his wife. He had for some time brooded over his ill-health of the members of his family.

Beautiful Women.

Rosy cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. Mc[illegible], Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, Bilious fever and Malaria." Sold by W. M. Johnson.

Well Known Broker Suicides.

Lynchbur, Va., Sept. 21.—Edward A. Langhorne, a well known citizen and a member of the brokerage firm of Davidson & Langhorne, of Lynchburg, shot and killed himself in Amherst county opposite this city last night. Ill-health is given as the reason for the act. He was 37 years of age and unmarried.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Meat Packers File Plea.

Chicago, Sept. 21.—A plea in abatement was filed today by the packers indicted in the United States district court, on a charge of conspiracy to monopolize the meat industry. The plea is not supported by affidavit. It is signed by the defendants and their attorneys.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Contractor D. D. Robertson, wife and son, Fletcher, of Jacksonville, have decided to make Gainesville their home for the present, and are pleasantly located in the Thrasher building, corner West Main and East Mechanic streets. Mr. Robertson is engaged on the new Episcopal church, now building.

J. Windsbecker of New York, one of the most widely known and cleverest traveling men who come to Florida, has been making his headquarters in this city for the past two or three days, taking side trips to the various towns and villages. Mr. Windsbecker has been a regular visitor to Gainesville for the past fourteen years.

Victoria, daughter of Mr. and Mrs. J. H. Earle, entertained a number of her young friends yesterday afternoon, it being her fourth birthday anniversary. The little ones brought several presents, a spread was enjoyed, and aside from a few bumps the youngsters received at play, the occasion was happily passed without incident.

N. A. Callison of Spring Park Stock Farm, Bennington, was a business visitor to this city yesterday. Mr. Callison was accompanied by George F. Weston of Biltmore, N. C., for eight years connected with the famous Vanderbilt estate, who is spending a few days as his guest. Mr. Weston is one of the best posted men in the United States on stock.

Among the prominent visitors to this city is S. W. Johnson of DeLand, manager of the E. O. Painter Printing Co. Mr. Johnson is en route from Tallahassee, where he was awarded the contract for printing the supreme court reports. There were several bidders in the field, but the bid of the Painter Company being the lowest, was accepted. This company owns one of the largest and most up-to-date printing offices and binderies in the State, and it goes without saying that the work will be properly done.

READ THIS.

DYERSBURG, TENN., June 1, 1901.

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. OLSTON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and woman, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

JUSTICE COLMAN'S COURT.

Dr. Davis Placed Under Bond for Appearance at Ciruuit Court.

There was an interesting session of Justice Colman's court Thursday morning, the arraignment of Dr. G. N. Davis upon a charge of obtaining money under false pretense, made by Mrs. W. D. Smith, having come up.

The little court-room was crowded, as it was a case which had been thoroughly advertised, and the result was a great many curious spectators were there.

The specifications of this charge have already been published. The amount involved was $25, which the plaintiff stated on the stand she gave to the defendant in some land deal.

Four witnesses testified, being the plaintiff, Mrs. W. D. Smith, her husband, and the defendant and Attorney G. H. Scofield, who also represented the defendant.

Justice Colman placed the defendant under a bond of $105 for his appearance at the fall term of the circuit court, which was promptly given, and he was released.

Mr. Jarvis' Enterprise.

Notwithstanding that he makes no blow about it, J. H. Jarvis is one of the most energetic citizens of our city. To use the old expression, he "just saws wood and says nothing."

Mr. Jarvis became tired of the uncouthly appearance of that block on West Mechanic street bordering his property on the north, with the result that he is now making, at his own expense, an elegant thoroughfare which will prove a great convenience to the public when completed. The street is being properly graded and paved with Alachua rock and will compare favorably with other thoroughfares of the city.

The enterprise of Mr. Jarvis is to be commended.

Prof. C. Franklin, the popular Tampa oculist and optician, has opened an office here at the Brown House for ten days. During his stay here he will give the people of Gainesville a chance to correct their defective vision. Consultation free. Having prescribed for, successfully fitted and corrected the vision of over 600 of Tampa's best citizens, any recommendation would be superfluous. He will be here from September 15th to 25th.

An interesting meeting of the Helping Hands Society of the First Presbyterian Church was held at the home of Mrs. Charles S. Lynn, 400 W. Mechanic street, Wednesday afternoon, which was well attended.

ANNIVERSARY MEETING.

Colfax Rebekah Lodge, I. O. O. F., Had Interesting Session.

The members of Colfax Rebekah Lodge, I. O. O. F., held an interesting meeting Wednesday evening, the occasion being the forty-sixth anniversary of that branch of the order.

There were about forty present, and the evening was passed in a most enjoyable manner. The program comprised instrumental selections by Prof. A. J. Foskett and Miss Myrtle Fennell, a song by Miss Nell Dempsey, and the reading of a selection from "Mrs. Wiggs in the Cabbage Patch," by Miss Maude Neville. Brothers Robert McClellan and J. W. Blanding made informal addresses on the order, which were full of interest, and tinged with some humor which tended to enliven those present.

Refreshments were served, and altogether the evening was passed in a manner which will be remembered by all.

THE YELLOW FEVER.

Six New Cases Reported Wednesday Night—New Orleans Situation.

Pensacola, September 21.—Up to 6 o'clock last evening there were six new cases of fever reported in this city, but none up to noon for today. The cases have been concealed from the doctors, which makes matters appear worse. It makes it more difficult to control the disease.

At New Orleans.

New Orleans, September 21.—From 6 p. m. Tuesday to 6 p. m. Wednesday there were 50 new cases and 6 deaths. From 6 p. m. last night to noon today there were 20 cases and three deaths. The conditions, however, are constantly improving, notwithstanding the occasional jumps in number of cases.

Captain Strobhar in New York.

A letter from Captain J. N. Strobhar, who is now in New York, to the publisher of The Sun, requests that the paper be sent to his address. Captain Strobhar states that he hopes to have the pleasure of seeing his friends in Gainesville in the near future.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.
